

Sliding table hydraulic press

- Compressive strength 50 tonnes
- Cylinder stroke 370mm
- Hydraulic system with electric control
- PC-based acquisition system for operation traceability
- Sector of activity: transport

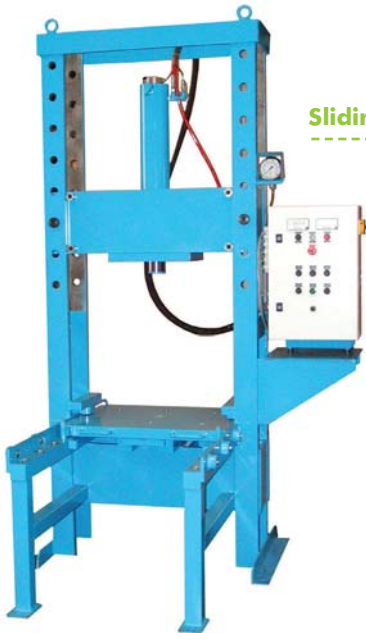

Fixed table hydraulic press

- Compressive strength 400 tonnes
- Cylinder stroke 800 mm
- Piston head tackle securing device
- Sector of activity: industrial boilers

Sliding table hydraulic press

- Compressive strength 50 tonnes
- Cylinder stroke 600mm
- Integrated position sensor and pressure sensor
- Electric control with shutdown according to adjustable pressure or position thresholds
- Sector of activity: transport

Hydraulic test bench for hoists

- Test capacity 15 tonnes
- Dynamic test stroke 250mm
- Proportional pressure limiter
- Manual control
- Sector of activity: mechanical lifting

Single-piece hydraulic press

- Compressive strength 1500 tonnes
- Cylinder stroke 200mm
- Forged single-piece body
- Sector of activity: research
